## ATT GREENKEEPERS

Hello,

My name is Peter Dagan and I have been a greenkeeper for many years. I have discovered an eco friendly way of having excellent greens so I am now also a Turf Consultant for Batphone Australia Pty Ltd.

***Our mission is to seek and distribute innovative and unique products that are eco friendly and will provide maximum return and results for our customers. We are committed to reducing the indiscriminate use of synthetic fertilisers and pesticides.***

Attached is some information on just a few of the products I have used on my greens. We have access to over **200** products to provide top class greens with a sustainable eco-friendly, easy, fertiliser program.

Here are just some of the products we can provide;

1. Triple Boost Fertiliser Range
2. Liquid Seaweeds
3. Wetter / Stickers
4. Silica
5. Liquid Gypsum / Lime
6. Liquid Worm Castings
7. Neem Oil and Cake
8. Predatory Fungi
9. Microbial Products
10. Soil Testing

There are many positives in introducing our eco-friendly practices and products.

1. Greatly reduced use of harsh chemicals and runoff into dams and waterways
2. Safer spraying conditions for you and your staff
3. Safe, sustainable turf care
4. No dangerous chemical accidents waiting to happen
5. Safer for golfing public
6. Safer for wildlife
7. Environmentally responsible for future generations.
